MEMORANDUM FOR THE RECORD

SUBJECT: FARA Requirements for UNO/UNITA:
Conversation with Joe Clarkson

1. On or about 22 December 1987, Joe Clarkson, Chief, Registration Unit, Criminal Division, Department of Justice, contacted me to determine the status of the Agency's response to the DoJ letter of 3 September 1987 regarding CIA information on the registration statements of Bosco Matamoros, UNO and UNITA. I informed him that a response had been drafted and that it currently was under review. I further informed him that I was not certain how long such review would take, but I anticipated the Agency's response would be provided shortly.
